Message from the President,

As we start the new year of 2012, it is very satisfying to remind ourselves that we have now been in operation for almost 3 years under new, financially strong ownership. The backing of our shareholders has allowed our business to successfully overcome many of the same challenges which the trucking industry has faced over the recent past. Roll-Tite has come through this continent-wide difficult period a much stronger and able company with a bright future ahead of us. We are here for the long-run.

Roll-Tite continues to grow and add to its customer base by providing the right product, at the right time, and at the right price. We are committed to exceeding the expectations of our existing and future customers by providing engineered, customer focused solutions to their transportation and storage needs.

During the past year, we relocated our business to a modern manufacturing and corporate headquarters located in Brantford, Ontario. Our new facility is located in close proximity to major highways further improving our ability to serve our customer base. Please take the time to visit us and I am sure that you will be impressed with what we have done.

Much is planned for the coming year so please stay tuned. We will continue to listen to you, our existing and future customers, and strive to exceed your expectations on every occasion. If for whatever reason we don't meet this goal, I would like to hear from you.

I would like to thank the many loyal customers and dealers who continue to support the new Roll-Tite as we continue to grow. Without you it would be difficult to succeed. Thanks.

There is only 1 Roll-Tite. Beware of imitators and will-fit suppliers claiming to represent Roll-Tite. If ever in doubt, please call us and we will be pleased to direct you to one of our authorized channel partners.

Roman A. Pankiw
President
